Defendants' Ex. No. 29, p. 28

All-America Rose Winners

You will be proud to own and grow these prize winning favorites

Better Blooms

You will find listed here some of the best, the most popular and the most profuse blooming sorts of the new Roses. They will give you more color, more flowers, more pride and satisfaction of ownership than possibly any other type plant you might select. Choose the ones you like best and order them now for planting this season.

ERNIE PYLE

(Plant Patent No. 673.) Dedicated to the memory of Ernie Pyle at the 1945 Festival of Roses, this glowing new flower has been generously admired and acclaimed. Warm rose-pink flowers of great size and unusually abundant fragrance. **Price: \$1.50 each; 3 for \$3.75.**

RUBAIYAT →

(Plant Patent No. 758.) AARS Winner for 1947. A long, graceful, brilliant red bud, which opens slowly, disclosing deep crimson color in the heart of the bloom, accented by the outside of the petals which are several shades lighter. Both buds and flowers are extra large and deeply fragrant. **Price: \$1.50 each; 3 for \$3.75.**

← FORTY-NINER

(Plant Pat. No. 792.) AARS Winner for 1949. Probably the most brilliantly colored bi-color Rose yet introduced. Delightfully formed buds, opening into large, well shaped flowers. Inside face of the petals is a vivid Orient-red; the outside of the petals is a rich straw-yellow. **Price: \$2.00 each; 3 for \$5.00.**

ECLIPSE →

(Plant Patent No. 172.) The "Streamline Rose". Distinctive, sleek, tapering buds. Best national all-purpose yellow. An abundant bloomer. The flowers are produced on long, erect stems, excellent for cutting or for boutonnieres. **Price: \$1.35 each; 3 for \$3.40.**

Every Bush a Product of Buntings' Nurseries

PEACE

(Plant Patent No. 591.) Winner of the coveted AARS Award for 1946, this Rose has become increasingly popular as it becomes more widely known. Giant, many-petaled blooms of glowing yellow, open to alabaster-white, with pink picotee edges. Healthy, vigorous grower, continuously in bloom. Price: \$2.00 each; 3 for \$5.00.

COLLECTION

—A Rose Fancier's Dream

One Each of the most popular sorts, including Forty-niner, Rubaiyat, Eclipse, Ernie Pyle, Charlotte Armstrong, Taffeta, Peace, Mirandy, Diamond Jubilee (all Hybrid Tea Everblooming varieties), also Pinocchio Floribunda.

Regular value \$16.10, (save \$2.60).

Offered by Buntings' **FOR \$13.50**

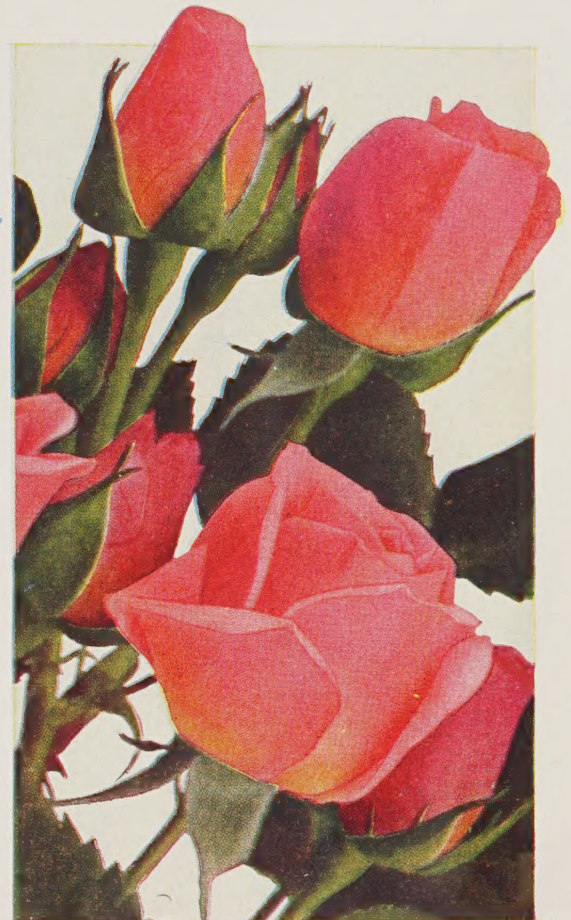

MIRANDY

(Plant Patent No. 632.) 1945 AARS Winner. A gorgeous, fragrant, deep red Rose, produced on healthy, free branching, vigorous plants. Mirandy is exceptionally fragrant. Price: \$1.50 each; 3 for \$3.75.

A
New and Lovely
Floribunda
Bush Rose

Pinocchio

(Plant Patent No. 484.) Extremely hardy, very easy to grow, always in bloom, with hundreds of flowers on every bush setting the entire plant aglow with gay harmony. The winsome buds are rich appealing salmon, flushed with gold at the base, gradually changing to soft clear pink. Unrivalled for boutonnières. Price: \$1.25 each; 3 for \$3.15.

DIAMOND JUBILEE

(Plant Patent No. 824.) 1948 AARS Winner. Large, double, high-centered flowers; warm glowing buff-orange with a touch of orange-yellow at the base of each petal. Price: \$2.00 each; 3 for \$5.00.

Christopher Stone

Buntings' Approved List of Hybrid Tea Roses

CALEDONIA. Exquisite long buds of ivory-white, changing to pure white as the flowers open.

CONTRAST. Long-pointed bud opening to large flowers of deep pink inside and white outside.

BETTY UPRICHARD. Deep toned carmine with coppery orange blend; interior mostly delicate salmon-pink.

EDITOR McFARLAND. Clear brilliant pink. Perfect form; long lasting when cut.

Paul's Scarlet

A Lovely
Entrance Planting of
Everblooming Polyantha Roses

DWARF POLYANTHA ROSES

Always In Bloom

This class of Roses is especially fine for solid beds, also borders. They will produce an abundance of beautiful flowers, in close compact clusters. Bloom all summer and until freezing weather. Very hardy; grow anywhere, require little care.

CAMEO. Shell-pink and salmon, with a glow of gold; blooms continuously.

IDEAL. Dark scarlet in immense compact clusters.

McGREDY'S IVORY. Creamy ivory-white buds, turning to a clear white as they open. Delicately perfumed.

McGREDY'S YELLOW. Exquisite bud and flower of bright buttercup-yellow.

PRESIDENT HOOVER. Flaming scarlet and yellow in the bud, opening to large flowers of soft creamy yellow with scarlet markings.

RED RADIANCE. Large, globular flowers of bright rosy red, constantly in bloom. Very popular.

ROSLYN. Bud long-pointed, flower large, slightly fragrant, borne on long, strong stems. Deep orange to golden yellow.

TALISMAN. A multi-colored Rose of orange, yellow and rose-red; a favorite variety.

Climbing and Pillar ROSES

The finest and most popular climbing Roses. All plants are healthy, strong, 2-year, field-grown stock.

EVERBLOOMING

- Cl. **Caledonia.** Large, white, double flowers.

BUNTINGS' "CAMERA SHOTS" AT SELBYVILLE, DEL.

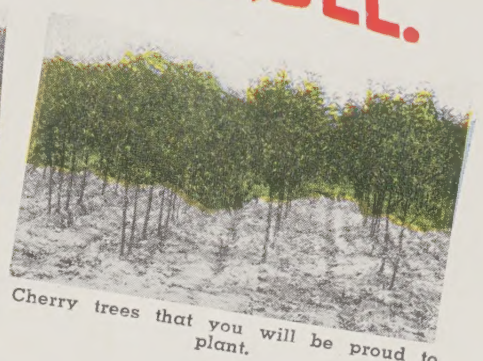

Scene from one of our Strawberry fields.

Grape vines; note the vigorous growth.

Golden Arborvitae. Our rich soil produces splendid specimen plants.

Cherry trees that you will be proud to plant.

The photographs shown on this page indicate the excellent stock we are growing for our customers this season.

Select your planting needs from this catalog. Be assured of receiving well developed trees and plants from one of the country's largest growers.

A small section of our field of Peach trees.

Another large field of excellent quality Strawberry plants.

An excellent block of well grown Roses.

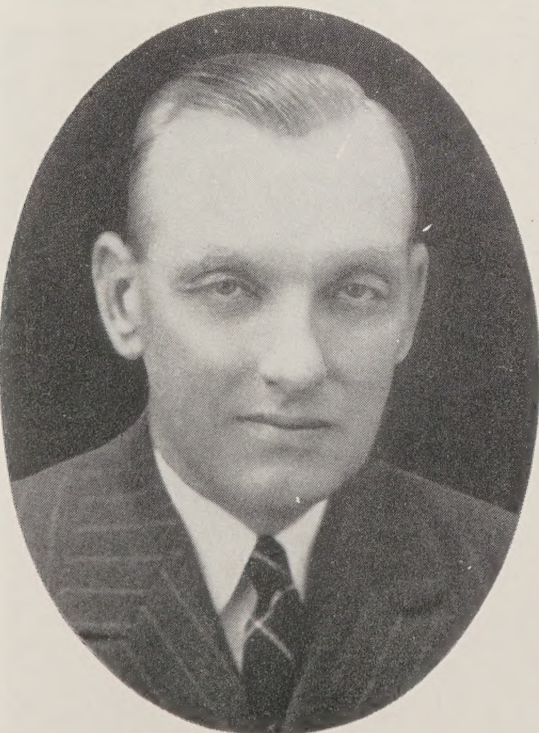

California Privet. Well developed plants for immediate effect.

Pyramidal Arborvitae. Large, specimen plants for immediate effect.

1400 Acres
More than 1400 acres of fertile soil are cultivated annually to trees and plants at Buntings'.
Approximately 250 men, experienced and highly trained, make up the organization. Buntings' trees are propagated, grown and handled by an experienced organization, under an exact system and proper methods.

135,520 square feet, or more than three acres of floor space, in modern, regular and cold storage buildings are owned and used by Buntings' to assure proper and prompt handling of trees and plants for their customers.

CLAYTON A. BUNTING, President

A Word from Our President

The success of any new settlement in any new land invariably started from the products of the soil; this will always be true. Hence, real estate will continue to be our best asset when needed most, which is in times when all other possessions of importance have declined in value.

Our homes are the base of what we are as a nation, and planting of fruits and flowers will always be foremost in mind and of greatest value. The results of such plantings are profitable because they produce the basic necessities of life—food and shelter—two of the most important means to comfort, health and contentment. There never has been and never will be a time when trees and plants (and their product) will not be a necessity of first consideration in life.

We solicit your order, and assure you it will at all times receive our careful attention.

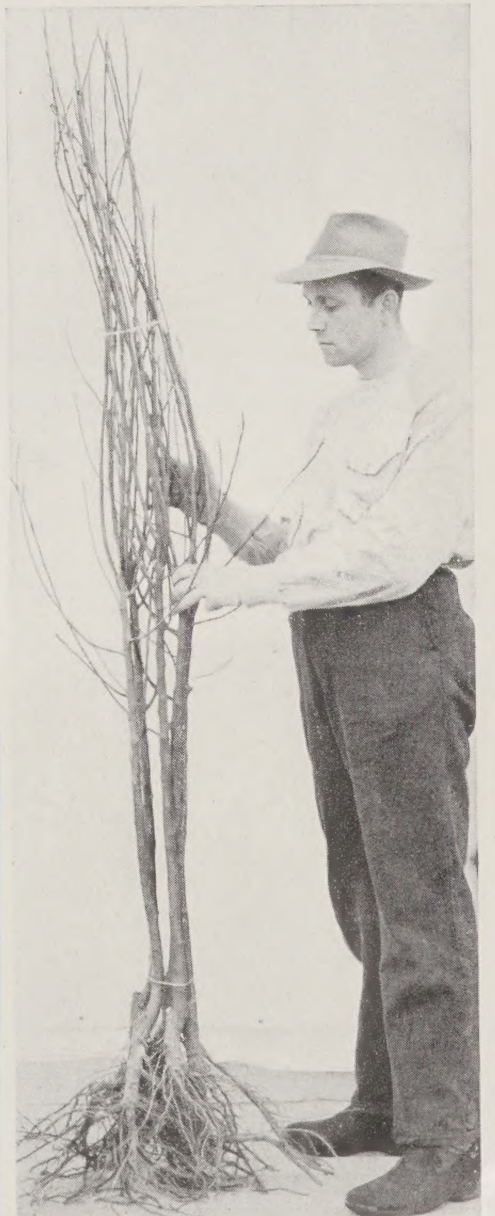

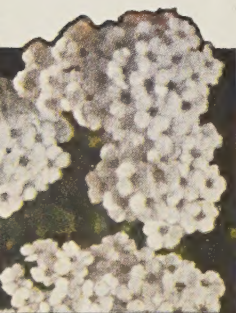

Illustration above will give you an idea of the quality fruit trees available at shipping time.

HYDRANGEA Otaksa. Large blue or pink blooms in midsummer (color depending upon soil acidity). Either color most attractive. Very popular. **Price: Strong, 2-yr. plants, \$1.50 each.**

ALTHEA, Rose of Sharon. Upright, very hardy. Color spot of the fall; begins blooming in early summer and continues through the fall months. Your choice of red, white, pink or blue. **Price: 1½ to 2 ft. plants, 65c each; 2 to 3 ft., 80c each.**

Spirea Van Houttei

Landscape Your Grounds

**It's Smart Business—
Increase
Real Estate Values**

Be your own landscape architect. Start this spring with a definite planting plan. Get your trees in, your lawn started, hedges and shrubs planted. Here is a good vigorous beginning that by the end of the summer will give you a grand and glorious sense of achievement.

Clever, artistic landscaping has brought a marvelous transformation that you could scarcely believe possible a few months earlier.

HONEYSUCKLE, Tartarian Pink. A profusion of lovely flowers make a delightful contrast with bright green leaves. **Price: 18 to 24 in., 65c each; 2 to 3 ft., 80c each.**

DEUTZIA, Pride of Rochester. Blooms in May, large double flowers. **Price: 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.**

HYDRANGEA P. G. Pyramids of creamy white flowers which are tinged with pink in late summer. **Price: 18 to 24 in., 80c each; 2 to 3 ft., \$1.00 each.**

Hydrangea P. G.

Flowering Quince

SPIREA VAN HOUTTEI. Sometimes called the "Improved Bridal Wreath." A medium sized shrub covered in late May and June with pure white flowers. Foliage is dark green and fine textured. **Price: 18 to 24 in., 65c each; 2 to 3 ft., 80c each.**

FLOWERING QUINCE (Cydonia japonica). Literally covered with brilliant double scarlet blossoms in early spring. **Price: 15 to 18 in., 65c each; 18 to 24 in., 80c each.**

WEIGELA Rosea. Remarkably showy trumpet-shaped flowers of brilliant pink in June and July. Price: 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

WEIGELA, Eva Rathke. Dark reddish green foliage; attractive, deep carmine flowers throughout summer and fall. Price: 1½ to 2 ft., 80c each; 2 to 3 ft., \$1.00 each.

CORALBERRY or INDIAN CURRANT. A dwarf shrub which thrives in the shade. The coral-colored berries last until late winter, and are produced profusely. Price: 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

SPIREA Billardi. Erect sparsely twigged branches, crowned with dense spikes of rose-pink flowers from July to September. Price: 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

FORSYTHIA FORTUNEI (Golden Bell). Their bright masses of golden yellow appear in April, before any foliage; vigorous grower. Price: 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

BUTTERFLY BUSH, Charming. A glorious new shrub bearing throughout the late summer elegant long sprays covered with lovely lavender-pink blooms. Price: 18 to 24 in., 65c each; 2 to 3 ft., 80c each.

SWEET SHRUB (Calycanthus floridus). Sometimes called the Strawberry Shrub. A widely cherished, old-fashioned plant. Neat, compact, with large leaves and small double blossoms of dark mahogany color with rare fragrance. Blooms in May and June with a few blossoms from time to time during the summer. Price: 1½ to 2 ft., 65c each.

KERRIA. A rather tall, erect shrub bearing bright yellow, double flowers throughout the summer. Valued in wintertime for its bright green stem. The foliage is deep green above and pale below. Price: 18 to 24 in., \$1.00 each.

DWARF CRIMSON SPIREA. Very dense growing plant, with clusters of rose-pink flowers all summer. Price: 15 to 18 in., 65c each; 18 to 24 in., 80c each.

ALMOND, Pink Flowering. A beautiful small shrub, bearing an abundance of small, double, rose-like flowers, closely set upon twigs, before the leaves appear in early spring. Price: 1½ to 2 ft., 80c each; 2 to 3 ft., \$1.00 each.

Buntings'

SHRUBS

for Smart and Modern Landscaping

WHITE SNOWBERRY

This low, shade loving plant bears rose-white flowers in summer, and large white berries in winter. A superb fine textured shrub for borders and shady foundation plantings. **Price:** 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

SPIREA ANTHONY WATERER

A dwarf and very dense little shrub which bears flat clusters of rose-pink flowers all summer. If the bloomed heads are removed it will continue to flower more abundantly. **Price:** 12 to 15 in., 65c each; 15 to 18 in., 80c.

CREPE MYRTLE

Spring planting only. A strong growing shrub, adapting itself to almost any soil and condition except in the northern sections where temperatures often drop below zero. Does very well south of Philadelphia. Leaves bright green; the blooms are large panicles of crinkled little florets. Blooms late July and August. Colors pink and red. **Price:** 2 to 3 ft. plants, \$1.50 each.

HYDRANGEA, HILLS OF SNOW (*Hydrangea A. G.*)

Known for its profusion of round snow-white blooms which appear early in July and last until late September. Very hardy. **Price:** 18 to 24 in., 80c each; 2 to 3 ft., \$1.00 each.

BLOOD-TWIG DOGWOOD (*Cornus alba sibirica*)

Bright cherry-red stems in winter; creamy white flowers. **Price:** 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

GOLDEN TWIGGED DOGWOOD (*Cornus stolonifera lutea*)

Very striking yellow branches in winter, and forms a good contrast when planted with the red stem sorts. **Price:** 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

RED-LEAVED BARBERRY

Same as the popular, well known, hardy-as-an-Oak Green-Leaf Barberry, except that the foliage is deep red in the spring and deep purple during the summer months. Popular for planting in clumps, hedges, as well as in foundation plantings. **Price:** 18 to 24 in., 70c each; \$6.50 per 10.

Plant a few of these sweet-scented
Double Mockorange shrubs

ENCHANTMENT MOCKORANGE (Double)

Produces profuse, long, thick panicles of double white flowers on erect branches in early spring. Sweetly fragrant. Very hardy and easily grown. **Price:** 18 to 24 in., \$1.00 each.

SWEET MOCKORANGE (Single)

A choice shrub, with a wealth of large, creamy white flowers that have the texture and fragrance of Orange blossoms. Blooms in May and June. **Price:** 1½ to 2 ft., 65c each; 2 to 3 ft., 80c each.

BEAUTYBUSH (*Kolkwitzia amabilis*)

A hardy, long-lived shrub that is very shapely and attractive. Graceful, drooping branches are completely covered with lovely pink blossoms in the spring. Desirable for either specimen or group planting. **Price:** 1½ to 2 ft., \$1.00 each.

AFRICAN TAMARIX (*Tamarix africana*)

The most vigorous of the Tamarix family. Lavender-pink blooms appear in April before the foliage. It is a very pleasant shrub for massing, the graceful, drooping branches making it desirable for borders or back-grounds. **Price:** 2 to 3 ft., 80c each.

TRUMPET VINE (*Bignonia radicans*). Orange flowers in midsummer. **Price:** 2-yr. vines, 60c each.

Clematis Jackmani

Hedges Beautiful Living Fences

Cost Less Than Cheapest Wood or Metal Fences and Never Need Painting

GREEN-LEAF BARBERRY. Well known; needs little description. Dark green leaves which turn to red and yellow in the fall. Thorny bush, which makes good hedge or specimen plants. Graceful, drooping branches are loaded late in summer with bright red berries that hang on most of the winter.

	10	100
2-yr., 9 to 12 in.	\$2.00	\$15.00
2-yr., 12 to 15 in.	2.50	20.00
3-yr., heavy transplants, 18 to 24 in.	4.50	40.00

MULTIFLORA ROSE (*Rosa multiflora japonica*) is fast becoming one of the most popular "living fences" on the American farm. Produces an impregnable barrier for all livestock within three or four years. Its density provides a valuable windbreak. Its tight, stock-holding mat of thorns provides an excellent game refuge for wildlife cover. Multiflora fences add beauty to the farm, producing white or dusty-pink blooms profusely in early spring. Foliage appears early in the spring and persists until heavy freezes of winter. This beautiful and practical hedge doesn't need clipping, pruning, training or supports. Extremely hardy, thriving in adverse conditions, it does not spread or sap strength from surrounding soil. You can cut with a mower right under the bushes and never have any weeds along the fence line, also you can plant crops right up to it. For a beautiful living fence, impenetrable by livestock and invaluable for game refuge, plant the versatile Multiflora Rose.

Price: 12 to 15 in. plants, 25 for \$2.00; 50 for \$3.50; 100 for \$6.00; 1000 for \$50.00.

RED-LEAF BARBERRY. Same as the popular, well known, hardy-as-an-Oak Green-Leaf Barberry, except the foliage is deep red in the spring and deep purple during the summer months. Popular for planting in clumps, hedges, as well as in foundation plantings.

	10	100
2-yr., 9 to 12 in.	\$3.50	\$25.00
2-yr., 12 to 18 in.	4.00	30.00

CALIFORNIA PRIVET. America's leading hedge plant. Its foliage is of the deepest, richest green and stays on until late winter. Very hardy; easily and quickly pruned.

	10	100	1000
6 to 12 in.	\$1.20	\$ 8.00	\$ 70.00
12 to 18 in.	1.40	10.00	80.00
18 to 24 in.	1.80	14.00	120.00
2 to 3 ft.	2.50	18.00	150.00
3 to 4 ft.	3.50	25.00	200.00

AMUR RIVER NORTH PRIVET. Foliage small and attractive. Vigorous and very compact grower. Extremely hardy and will stand the low temperatures of the northern states. Particularly recommended for planting in sections where the temperature drops to zero or below.

	10	100	1000
6 to 12 in.	\$1.20	\$11.00	\$ 80.00
12 to 18 in.	1.40	13.00	100.00

2 to 3 ft.	2.50	21.00	180.00
3 to 4 ft.	3.50	28.00	230.00

SPIREA VAN HOUTTEI (*Bridal Wreath*). Beautiful hedge with masses of white flowers in early spring. Grows 6 to 8 feet high. Plant 12 to 18 inches apart

	10	25	100
12 to 18 in. hedge grade	\$3.00	\$6.25	\$20.00
18 to 24 in. hedge grade	3.50	7.50	25.00

Evergreens for Permanent Planting

Avail Yourself of Buntings' Lovely Well Grown Evergreens for a Dignified Foundation Planting

AMERICAN ARBORVITAE. Foliage flat, set on edge; color bright green. Somewhat conical in form, grows well under adverse conditions. **Price: 12 to 15 in., \$1.75 each.**

GOLDEN ARBORVITAE. Conical form, very dense, compact, bright yellow foliage. **Price: 8 to 10 in., \$1.75 each.**

GLOBE ARBORVITAE. Very dwarf in growth, round or globe shaped; foliage dark green. Does not require shearing. **Price: 8 to 10 in., \$1.75 each.**

PYRAMIDAL ARBORVITAE. Tall, slender, dense; dark green foliage. The best Arborvitae grown. **Price: 12 to 15 in., \$1.75 each.**

CHINESE ARBORVITAE. Tall, slender, fast grower; dark green foliage. **Price: 15 to 18 in., \$1.75 each.**

IRISH JUNIPER. Trees form dense, slender cones of silvery green. **Price: 12 to 15 in., \$1.75 each.**

GREEK JUNIPER. An attractive, dwarf, pyramidal tree, with compact, bluish green foliage. **Price: 10 to 12 in., \$1.75 each.**

HICKS' UPRIGHT YEW. A beautiful, slow growing evergreen, with rich dark green foliage throughout the year. **Price 10 to 12 in., \$1.75 each.**

SPREADING YEW. A compact, spreading variety; dwarf habit of growth. Very hardy; handsome dark green foliage. Almost covered with bright rose-red fruits in autumn. **Price: 10 to 12 inch, \$1.75 each.**

UPRIGHT JAPANESE YEW. An upright, cone-shaped form; slow growing; dense green foliage. A very desirable type. **Price: 10 to 12 in., \$1.75 each.**

RETINOSPORA PLUMOSA. A handsome evergreen with feathery, light green foliage. Makes a broad, symmetrical tree. Stands shearing well. **Price: 12 to 15 in., \$1.75 each.**

RETINOSPORA PLUMOSA AUREA. Pyramidal-growing evergreen with plume-like, golden tipped foliage. Generally used in groups of evergreens for a contrast in color. **Price: 12 to 15 in., \$1.75 each.**

←
**PFITZER
JUNIPER**

Broad, bushy, with gray-green branches. The most popular of the spreading Junipers. **Price: 10-15 inch, \$1.75 each.**

YEWS

The Aristocrats of Evergreens

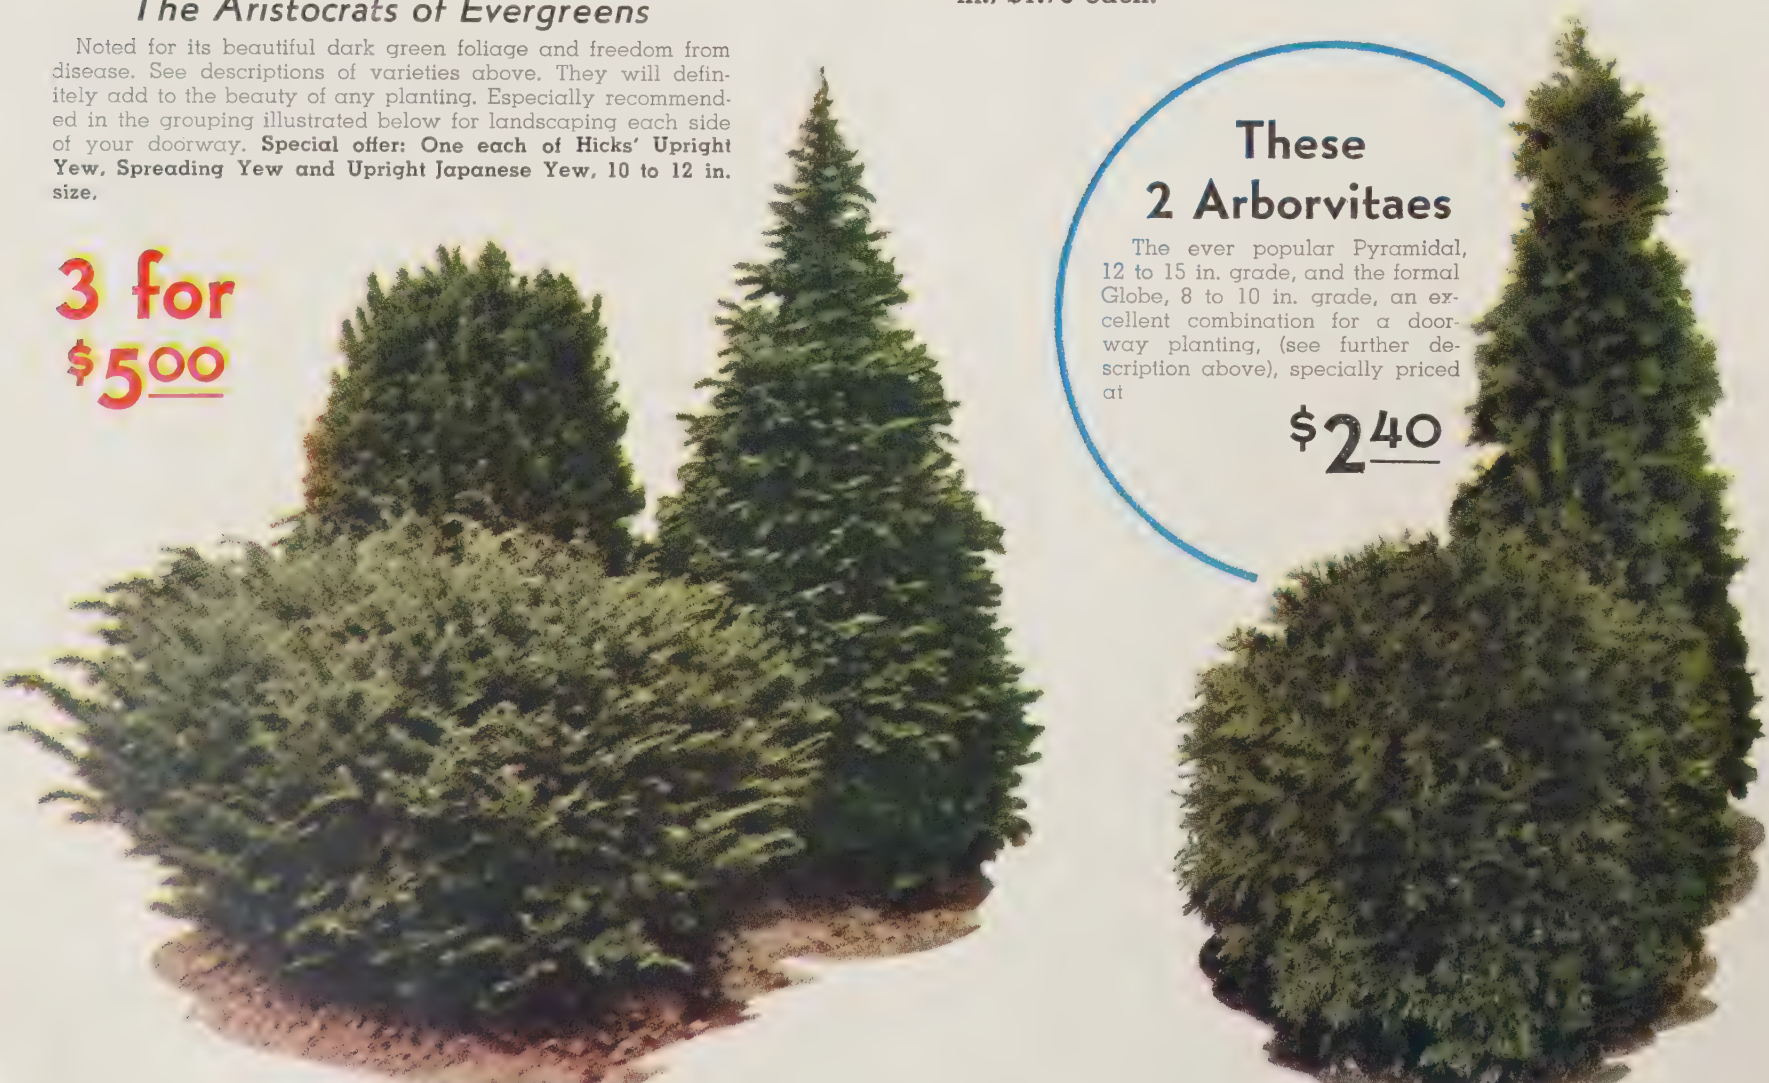

Noted for its beautiful dark green foliage and freedom from disease. See descriptions of varieties above. They will definitely add to the beauty of any planting. Especially recommended in the grouping illustrated below for landscaping each side of your doorway. **Special offer: One each of Hicks' Upright Yew, Spreading Yew and Upright Japanese Yew, 10 to 12 in. size,**

**3 for
\$5.00**

These 2 Arborvitaes

The ever popular Pyramidal, 12 to 15 in. grade, and the formal Globe, 8 to 10 in. grade, an excellent combination for a doorway planting, (see further description above), specially priced at

\$2.40

Colorful Broadleaf Evergreens and Hardy Shrubs

Choose varieties from this list for specimen or group planting on your lawn. Their blooms will enhance the beauty of your landscape, add a blaze of color to your outdoor decoration and provide a source of continued satisfaction. . . .

AZALEA HINODEGIRI

The most popular of all Azaleas. Good deep green foliage and bright scarlet flowers completely cover the plant in late spring. **Price: 6 to 8 in., \$1.75 each.**

AZALEA, CORAL BELLS

Brilliant, coral-pink flowers, showy against the dark green foliage in May. **Price: 6 to 8 in., \$1.75 each.**

AZALEA, SNOW

A particularly attractive plant, with large clusters of glistening white flowers in May. **Price: 6 to 8 in. \$1.75 each.**

OLD ENGLISH BOXWOOD

The famous Dwarf Boxwood so much admired in old gardens. Slow growing, compact, most attractive. Will grow in sun or partial shade. **Price: 6 to 8 in., \$1.35 each.**

EVERGREEN PRIVET

Leaves are large, glossy, dark green; flowers white; black berries in winter. **Price: 12 to 15 in., \$1.50 each.**

EUONYMUS PATENS

A compact, shapely evergreen shrub, with attractive, dark green foliage and bright berries. **Price: 12 to 15 in., \$1.50 each.**

MAGNOLIA SOULANGEANA

A mass of Tulip-shaped, ruddy, pink, fragrant blossoms in early spring before the leaves appear. **Price: 18 to 24 in., \$2.75 each.**

MAGNOLIA LILIFLORA NIGRA

An open growing, small tree with Lily-shaped flowers which are rose-purple outside and white within, very fragrant. **Price: 18 to 24 in., \$2.75 each.**

SMALL LEAF HOLLY

A dense, compact bush with oval, dark green, glossy leaves; small black berries. **Price: 10 to 12 in., \$1.75 each.**

**ILEX
OPACA
American
Holly**

The familiar Christmas Holly. Attractive, dark green, spined leaves; red berries in winter. **Price: 12 to 18 in., \$1.75 each.**

PLEASE NOTE

Our Evergreens and Broadleaves are carefully grown, properly spaced in the nursery rows for symmetrical development. They have been transplanted, and will be carefully dug to get all the tender rootlets. The roots will be puddled in mud and wrapped in damp moss for shipment. Plant immediately after moss is removed from roots. This method of packing saves the vital roots, insures good growth and makes possible low cost shipments.

PYRACANTHA LALANDI

(Firethorn). Orange-red berries, against deep green foliage, provide a handsome sight in fall and winter. **Price: 12 to 15 in. pots, \$2.00 each.**

ABELIA GRANDIFLORA

(Bush Arbutus). Pinkish white, trumpet-shaped flowers from May until frost. **Price: 15 to 18 in.. \$1.50 each.**

Weeping Cherry

FLOWERING TREES

Spectacular Beauty

There is a place on every lawn for one or more of these choice flowering trees. They are hardy, prized not only for their beauty but for shade, grow larger year after year, and we do not know of any other tree or plant that provides so much for the original amount of money invested.

Double Flowering Cherry

WEeping FLOWERING CHERRY. A weeping form of the popular Double Flowering Cherry. Has slender, pendulous branches hanging nearly to the ground. In early May the branches are strung with showy rose-pink flowers. **Price:** 2-year heads, 5 to 6 ft. stems, \$6.50 each.

DOUBLE FLOWERING PEACH. Small trees, covered in early spring with double, rose-like flowers. Colors: red, white and pink. State choice of color. **Price:** 4 to 5 ft., \$1.75 each; 5 to 6 ft., \$2.00 each.

JUDAS TREE (Redbud). A small tree or large bush with a broad round top. In May before the leaves appear, it bears dense masses of deep rose-pink flowers. **Price:** 4 to 5 ft., \$3.00 each.

KWANZAN FLOWERING CHERRY. Well known because of the renowned plantings in Washington, D. C. Double, dark pink blossoms in early spring. **Price:** 4 to 5 ft., \$3.50 each.

PURPLE-LEAF PLUM. A profusion of blooms in May. Deep red foliage all spring and summer. **Price:** 4 to 5 ft., \$2.00 each; 5 to 6 ft., \$2.25 each.

WHITE FLOWERING DOGWOOD. In early May this small native tree is a cloud of white flowers, and in the autumn the upper sides of the leaves turn a brilliant crimson. **Price:** 3 to 4 ft., \$3.00 each.

Hopa Flowering Crab

PINK FLOWERING DOGWOOD

A profusion of pink and red flowers in May. Its foliage is unusually brilliant in the fall. **Price:** 2 to 3 ft., \$3.50 each.

HOPA FLOWERING CRAB

A handsome ornamental tree. An abundance of bright red flower clusters in the spring. **Price:** 4 to 5 ft., \$1.75 each; 5 to 6 ft., \$2.00 each.

Pink Flowering Dogwood

Best Ornamental Lawn and Shade Trees

Grown by
**BUNTINGS'
NURSERIES**
Selbyville, Delaware

AMERICAN ELM

A stately and dignified tree. Popular for street, park and roadway. **Price: 6 to 8 ft., \$2.75 each.**

CHINESE ELM

A very rapid growing tree of dense pyramidal form. Slender, grayish branches, and small, fresh green leaves. **Price: 6 to 8 ft., \$2.25 each.**

PIN OAK

Perfectly symmetrical tree; bright shiny green foliage which is deeply cut. Crimson fall coloring. An excellent all-purpose tree. **Price: 6 to 8 ft., \$4.50 each.**

European Mountain Ash

EUROPEAN MOUNTAIN ASH

A very attractive, small, hardy tree which bears clusters of scarlet berries from July to winter. **Price: 6 to 8 ft., \$4.00 each.**

WISCONSIN WEeping WILLOW

The famous Weeping Willow whose long, pendulous branches droop to the ground with matchless grace. Creates exquisite effects on the margin of streams or lakes. An excellent quick growing tree with many uses. **Price: 6 to 8 ft., \$2.25 each.**

Silver Maple

SILVER MAPLE

Well known, most popular rapid growing shade tree. **Price: 6 to 8 ft., \$2.25 each; 8 to 10 ft., \$3.00 each.**

CUT-LEAF WEEPING BIRCH

Distinguished for its white bark, light green leaves which are finely cut, and its long drooping branches. **Price: 6 to 8 ft., \$4.00 each.**

ORIENTAL PLANE

Considered the most popular and successful tree for city planting. Dense grower; very symmetrical. **Price: 6 to 8 ft., \$3.50 each.**

LOMBARDY POPLAR

A tall spirelike tree. Effective for screens and vertical accents. **Price: 6 to 8 ft., \$1.25 each.**

Schwedler Maple

SCHWEDLER MAPLE

Similar to the Norway Maple in form and leaf except the leaves are red in spring and early summer, and turn to purple in late summer and fall. **Price: 6 to 8 ft. \$4.00 each.**

NORWAY MAPLE

Symmetrical, dense, round-headed tree; well known, justly popular. **Price: 6 to 8 ft., \$3.50 each; 8 to 10 ft., \$4.50 each.**

Norway Maple

HARDY CARNATIONS. Masses of lovely flowers all season. Large, fragrant blooms on long stems; excellent for cutting. Colors: pink, red, white and yellow.

HOLLYHOCKS. Exceptionally lovely for backgrounds. Will bloom this summer and continue to bloom heavily for many years thereafter. Colors: red, pink, white and yellow.

PRICES:
All varieties perennials listed,
45c each; 3 for \$1.20; 6 for \$2.10.

BLEEDING HEART. A favorite in Grandmother's garden a half century ago, it lends a fine romantic touch to any garden. Thrives in partial shade, but will grow in full sun. The plant grows larger, more beautiful each passing year.

DELPHINIUM. One of the most popular and best known perennials. The flowers are various shades of blue, produced on long stems starting in June.

Other Worth-While Perennials . . . Not Illustrated

BABY'S BREATH. Small, white flowers from June to September; excellent for cutting.

CHRYSANTHEMUMS. Bloom from late summer all through autumn. Excellent for bouquets. Colors: red, white and yellow.

COLUMBINE (Aquilegia). This improved form of Columbine produces flowers 3 to 4 inches across, with long spurs, borne on graceful stems.

COREOPSIS (Tickseed). Pure yellow flowers from June to frost.

DAY LILY (Hemerocallis). Bloom July and August; rich golden yellow to deep golden orange.

FALSE DRAGONHEAD. Flowers lively pink, similar to Snapdragon. Blooms from July to September. Thrives in all soils.

GAILLARDIA (Blanket Flower). Blooms from June to November; brilliant orange-yellow, red-centered flowers.

GERMAN IRIS. Flowers delightfully fragrant, lasting well into June; good for cutting.

SPEEDWELL (Veronica). Rich blue flower spikes in August.

Cushion Mums

Multiple-Flowering

This compact bush is literally covered with hundreds of dainty flowers during late summer and fall. They retain their globular shape and often make a ball-shaped plant with about 2½ foot spread. Colors: red, pink, white and yellow.

BUNTINGS' SUPERIOR PHLOX

Immense flower heads are carried on straight, strong stems, from mid-summer to autumn. The plants we send you bloomed in our fields last summer. They will bloom for you this summer, and for years to come. Hardy, strong growers, producing dazzling color year after year. Colors: white, pink, red and violet-blue.

Gladiolus

Best Long Stemmed Varieties

BETTY NUTHALL. Large coral-pink with pale yellow throat.

DR. F. E. BENNETT. Deep scarlet, marked with white.

MARY SHARY. Clear primrose-yellow, with deep yellow throat.

MAID OF ORLEANS. Snow-white, rich creamy throat. A fine cut flower.

MINUET. A striking flower of delicate lilac-lavender.

PICARDY. Finest apricot-pink. Has a charming wax-like appearance.

PRICES, BLOOMING SIZE BULBS:
6 for 70c; 12 for \$1.30; 25 for \$2.50; 50 for \$4.75; 100 for \$8.50.

(Not less than 6 bulbs of a variety sold.)

Large Flowering CANNAS for Broad Landscape Effects

ALLEMANIA. Tall. Flowers bright scarlet with yellow border; green foliage.

CITY OF PORTLAND. Deep rose-pink flowers; green foliage.

HUNGARIA. One of the finest pinks; green foliage.

KING HUMBERT. Tall. Scarlet flowers; bronze foliage. Very popular.

MADAM CROZY. Dwarf. Flowers red with yellow edge; green foliage.

PRESIDENT. Glowing scarlet; extra large trusses of brilliant color; green foliage. The finest red Canna offered today.

RICHARD WALLACE.

Medium. Canary-yellow flowers; green foliage.

YELLOW KING HUMBERT.

Medium. Deep rich yellow spotted with red; green foliage.

(Spring Planting Only)

PRICE,

HEAVY TUBERS:

3 for 50c; 12 for \$1.75; 25 for \$3.00.

Strawberries

Bunting Grown

2 *Relatively New Introductions*

Buntings' Offer Them as Worth-while Future Leaders

Temple

An exceptionally vigorous variety, making a dense bed of unusually tall plants. Quite productive, and nearly as early as Blakemore. Berries are large, blunt, conic, smooth, uniform and have large, attractive caps. Good quality fruit; a choice of commercial cold packers of Strawberries. Introduced because of its resistance to diseases. **Price: 95c per 25; \$1.60 per 50; \$2.60 per 100; \$5.20 per 250; \$8.10 per 500; \$13.00 per 1000; \$60.00 per 5000.**

New

Fairland

Fairland is the latest introduction of the U. S. Department of Agriculture, Beltsville, Maryland.

Fairland ripens early midseason, producing large, bright red, firm berries which carry to market in excellent condition and command premium prices. The berries ripen just a few days after Premier, at a time when there is a good demand for quality fruit.

A vigorous grower, producing runner plants freely. The healthy foliage is usually free of leaf spot and scorch. Resistant to red stele root disease.

We have been growing Fairland several years under test in co-operation with the U. S. D. A., under No. 3205, but it was not named or released for distribution until late fall 1947. Wide tests have proven Fairland to be adaptable in all Premier growing areas, and more productive than Premier in many sections. Try some Fairland this season. **Price: \$1.05 per 25; \$1.75 per 50; \$2.80 per 100; \$5.60 per 250; \$8.75 per 500; \$14.00 per 1000; \$65.00 per 5000.**

*New
Fairland*

**A profitable yielder
that is destined for
Leadership in the Strawberry World**

Strawberries

Buntings' Strawberry plants are all grown in soil chemically treated. They are free from insects.

SPARKLE

Originated by the New Jersey State Experimental Station. A vigorous grower and very productive. Berries are somewhat round in shape, of excellent quality and splendid for freezing. Price: \$1.05 per 25; \$1.75 per 50; \$2.80 per 100; \$5.60 per 250; \$8.75 per 500; \$14.00 per 1000; \$65.00 per 5000.

Streamliner

ONE OF THE BEST EVERBEARING STRAWERRIES

Generally conceded to be one of the best everbearing Strawberries offered today. Streamliner has been under our constant observation since its origin, and after carefully checking on the variety we proclaim it a superior everbearer.

Streamliner has real Strawberry flavor, rich red color throughout, is excellent for eating fresh and recommended for canning or freezing. Its spring crop compares favorably to that produced by today's leading standard varieties. Streamliner makes a good fruiting bed. Price: \$2.25 per 25; \$3.75 per 50; \$6.00 per 100; \$12.00 per 250; \$18.75 per 500; \$30.00 per 1000; \$145.00 per 5000.

Buntings'

LEADERSHIP

in fine Big Rooted Strawberries

BUNTINGS' STRAWBERRY PLANTS

Have stood the test for fifty years.
Grown under the most favorable climatic
conditions in the country. Carefully pack-
ed to reach you in good condition.

Mastodon

The Great MASTODON

Any soil of high fertility will produce bumper crops of this outstanding everbearing variety. Mastodon is rightly named, because it exceeds them all in size and in number of berries per plant during the fruiting season, which extends from spring until late autumn. Delicious berries for home use. Price: \$1.90 per 25; \$3.15 per 50; \$5.00 per 100; \$10.00 per 250; \$15.65 per 500; \$25.00 per 1000; \$120.00 per 5000.

Ambrosia
Late

Premier

RED STAR

A comparatively new, extremely late variety, originated by Dr. George Darrow, of the U. S. Department of Agriculture. Very large, firm, bright red berries, with good flavor. Vigorous grower, very productive. Red Star is recommended for all the northern states. Red Star is really a great addition to the Strawberry variety list, filling a definite need for an extra late variety of very high quality. Price: \$1.15 per 25; \$1.90 per 50; \$3.00 per 100; \$6.00 per 250; \$9.40 per 500; \$15.00 per 1000; \$70.00 per 5000.

AMBROSIA LATE

Considered by many to be the largest, latest and best late Strawberry introduced. The berries are very large, semi-pointed, rich, sparkling bright red, of delicious flavor. Ripens 3 weeks later than Premier, when other Strawberries are gone. It is self-pollinating and extremely hardy. Fruit stems are very rigid and often attain a height of 6 inches. Berries develop in the shade of the leaves and off the ground, which assures clean fruit. Price: 90c per 25; \$1.50 per 50; \$2.40 per 100; \$4.80 per 250; \$7.50 per 500; \$12.00 per 1000; \$55.00 per 5000.

GEM

This variety is one of the greatest everbearers and should be planted as a companion with Mastodon. Berries are long and we find them to be as productive but not quite as large as Mastodon. They ripen evenly and are light red all the way through. Price: \$1.90 per 25; \$3.15 per 50; \$5.00 per 100; \$10.00 per 250; \$15.65 per 500; \$25.00 per 1000; \$120.00 per 5000.

Catskill

PREMIER

Early. This very popular berry has stood the test of many years. Fruit large and holds its size well throughout the ripening season. Foliage smooth, bright and clean. A good plant maker. One of the most extensively planted early varieties of Strawberries at this time. There are but very few varieties that have equalled Premier's production record. In flavor and quality it ranks with the best. Recommended for home use, local sales or commercial markets. Price: \$1.05 per 25; \$1.75 per 50; \$2.80 per 100; \$5.60 per 250; \$8.75 per 500; \$14.00 per 1000; \$65.00 per 5000.

CATSKILL

An Outstanding Midseason Variety Becoming More Popular Every Year

Originated in 1934 from a cross between Premier and Marshall. Produces large, strong plants; makes an ideal fruiting bed. The berries are large in size, bright red color. Equals Premier in flavor and carries a bright green cap. Firm enough to arrive on the market in excellent condition. It is considered almost frost-proof, and can be depended upon to produce annually bumper crops of fruit. Price: \$1.05 per 25; \$1.75 per 50; \$2.80 per 100; \$5.60 per 250; \$8.75 per 500; \$14.00 per 1000; \$65.00 per 5000.

Fairpeake

A Leading Late Variety

A cross between Chesapeake and Fairfax, this Strawberry retains the delicious flavor of Fairfax and is more productive than Chesapeake. A vigorous grower, this plant produces a quality berry of good size. The flesh is firm, juicy and red to the center. Excellent for either the home gardener or commercial grower. **Price:** \$1.15 per 25; \$1.90 per 50; \$3.00 per 100; \$6.00 per 250; \$9.40 per 500; \$15.00 per 1000; \$70.00 per 5000.

Fairpeake

BIG JOE

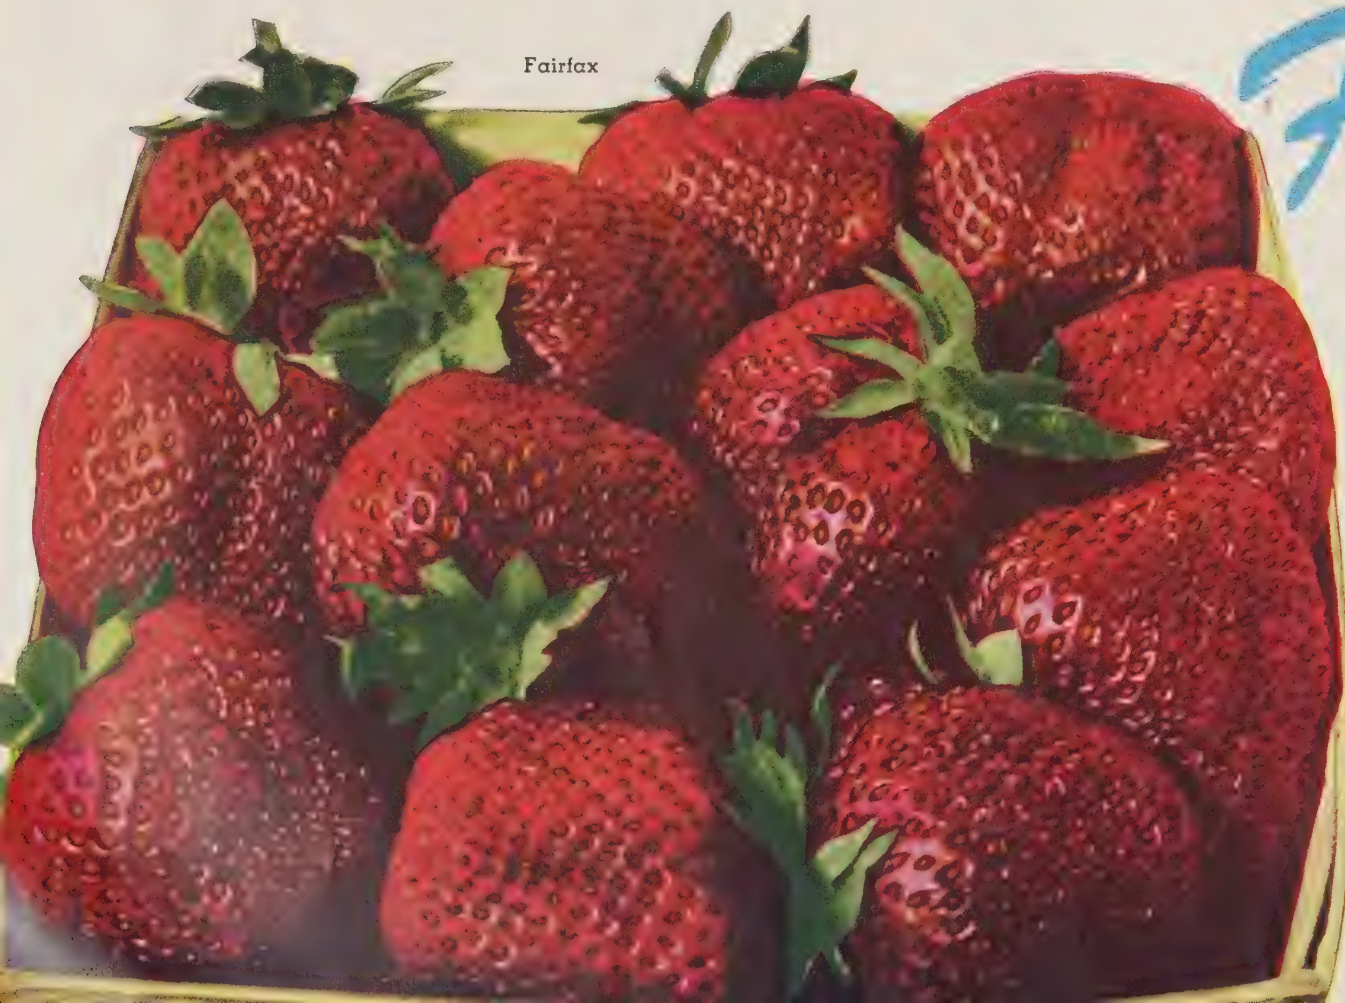

Midseason. Ripens about three days before Gandy. Fruit is firm and of large size, good color and of delicious flavor; no green tips; plants are strong growers and thrive on any soil that will produce Strawberries. **Price:** \$1.05 per 25; \$1.75 per 50; \$2.80 per 100; \$5.60 per 250; \$8.75 per 500; \$14.00 per 1000; \$65.00 per 5000.

ROBINSON

Ripens just after Premier, at a time when berries bring a good price. Berries are large, brilliant red, uniform in size. **Price:** 95c per 25; \$1.60 per 50; \$2.60 per 100; \$5.20 per 250; \$8.10 per 500; \$13.00 per 1000; \$60.00 per 5000.

CHESAPEAKE

Late. A market berry that withstands long hauls, maintaining its color and firmness. The berries are large and hold their size well to the end of the season. Chesapeake does best in fertile, moist land. **Price:** \$1.15 per 25; \$1.90 per 50; \$3.00 per 100; \$6.00 per 250; \$9.40 per 500; \$15.00 per 1000; \$70.00 per 5000.

Fairfax

Fairfax

Early. The quality berry. A favorite in quality, flavor and productiveness. Originated and introduced with Dorsett, now widely known and planted. The berries are exceptionally large all through the fruiting season, and very firm. Plant Fairfax for its superb flavor, large size and universal demand. **Price:** \$1.05 per 25; \$1.75 per 50; \$2.80 per 100; \$5.60 per 250; \$8.75 per 500; \$14.00 per 1000; \$65.00 per 5000.

Lack of space prohibits our illustrating and describing all varieties of Strawberries listed in our price list on page 23. Information on such varieties is available upon request.

Strawberry Cultivation and Price List...

Growing Strawberries Profitably

Setting Plants

Clip the roots if they can't be planted without doubling. The plant should be set with the crown about even with the soil after it has been thoroughly firmed around the plant.

Type of Soil

Select a plot springy in nature but well drained and free of vegetation. Moisture is essential. The land which you contemplate setting to Strawberries should be kept as free from vegetation as possible during the previous year. If the land has been lying idle, plow late in the summer before the weeds and grass develop seed to maturity. Heavy crops of Cow Peas, Soy Beans, etc., if plowed under in late summer while green increase the humus and fertility of the soil, making it loose and porous; therefore, more retentive of moisture.

Soil Preparation and Fertilization

Prepare soil same as for truck or garden crops. Lay out rows, usually 3½ to 4 feet apart; set plants about 15 to 18 inches apart in the rows. Do not use

commercial fertilizer at the roots. If soil is fertile we do not recommend using any type of fertilizer when planting. After the plants have been set in the row, a light application of fertilizer may be applied around the plant and worked into the soil with a hoe. Do not allow the fertilizer to fall on the leaves of the plant. During the growing season additional applications of fertilizer may be applied if the soil is not reasonably fertile.

The following spring after plants have been set, during the months of February or March, apply a good grade of commercial fertilizer carrying an analysis of 5 per cent ammonia, 6 to 8 per cent phosphoric acid and 10 per cent potash, broadcast on the row of the plants, at the rate of 15 to 20 pounds per hundred yards of row space.

Cultivation

Keep Rows Free of Vegetation.

As soon as the plants are set in the spring, cultivation should begin, and should be continued whenever weeds start or a crust forms. Frequent shallow cultivation will make it unnecessary to do much hand hoeing or hand weeding.

Mulching

After the first freeze during fall months, wheat or rye straw may be applied over the rows of plants for winter protection. Early in the spring, before growth starts, it should be removed from the bed of plants and placed between the rows to retain moisture and keep berries clean.

BLAKEMORE

The Ideal Early Shipping Berry

We offer a special strain of Blakemore, free from yellows. A healthy plant that yields big crops of berries. Will stand two or three days without over-ripening. Foliage is healthy and stands up well during drought. Fruit is firm, of good color and unexcelled as a long-distance shipping berry. Ranks high in productiveness. To get all that you are entitled to from Blakemore, do not allow them to mat too thickly in the rows during the growing season. Price: 90c per 25; \$1.50 per 50; \$2.40 per 100; \$4.80 per 250; \$7.50 per 500; \$12.00 per 1000; \$55.00 per 5000.

Planting Time

Northern States—April and May.

Central States—March and April.

Southern States—February and March.

FRESH FROM YOUR GARDEN EVERY YEAR

ASPARAGUS

Buy thrifty crowns grown by
BUNTINGS' NURSERIES, Inc., Selbyville, Delaware

Mary Washington

The Blue-Blood of the Asparagus World. Extra heavy crowns, long fat roots, strong giant size, green color. Bunting grown.

Originated by the U. S. Department of Agriculture and for years considered the best variety of Asparagus grown. All of the commercial growers are planting Washington exclusively. Very strong grower, stock of giant size, green color, rich and tender. It is our opinion that the two principal good points of this variety are, that it is rust-resistant, also a stronger grower than any of the old standards of Asparagus.

PRICES OF MARY WASHINGTON ASPARAGUS

	25	50	100	250	1000	5000
Super Size, Extra Heavy	\$3.35	\$5.60	\$9.00	\$18.00	\$45.00	\$220.00
2-yr., No. 1 grade	1.85	3.10	5.00	10.00	25.00	120.00
1-yr., No. 1 grade	1.15	1.90	3.00	6.00	15.00	70.00

New PARADISE Variety

Sensational **new**, early maturing variety. Produces a normal crop in many instances one year earlier than ordinary varieties. Growers who have seen this Asparagus growing have been amazed to see the straight, crisp, large stalks that were produced from roots set the previous spring. An exceptionally strong, vigorous grower. Large, crisp, tender stalks with exceptionally fine, mild flavor. With today's trend of freezing vegetables for the market, it has another distinct advantage in that it retains its fresh flavor after freezing. Because it brings returns one year earlier than other varieties, and because of its great size, large crop and fine, mild flavor, plant Paradise in your garden this year.

PRICES OF PARADISE ASPARAGUS

	25	50	100	250	1000	5000
Super Size, Extra Heavy	\$3.35	\$5.60	\$9.00	\$18.00	\$45.00	\$220.00
2-yr., No. 1 grade	1.85	3.10	5.00	10.00	25.00	120.00
1-yr., No. 1 grade	1.15	1.90	3.00	6.00	15.00	70.00

Illustration features a bunch of Asparagus tips cut from a planting of Buntings' superior strain Asparagus crowns. We grow each year millions of a superior strain Asparagus crowns for the more discriminating class of commercial Asparagus growers and gardeners. Include in your order for your garden this year some Asparagus. There is nothing more delicious and healthful than freshly cut new Asparagus tips from your own garden. Very successful in freezing units.

We are the largest growers of Asparagus plants in America. The seed from which our plants are grown is selected from a pedigreed field; it is hand-picked from the sturdiest stalks in the field, assuring you of the best strain of Asparagus possible when you buy Buntings' plants.

Rhubarb or Pieplant

MacDONALD RHUBARB.

You'll want some of this red, sweet Rhubarb. The new seedless variety, grown from divisions. Out-yields and takes less sugar than Myatt's Linnaeus. Mildly acid, bears stalks up to 2 feet tall, red all the way down. **Price: No. 1 divisions, 60c each; 3 for \$1.65.**

MYATT'S LINNAEUS RHU-

BARB. Early, large, tender and good quality. **Price: 2-yr., No. 1 plants, 25c each; 3 for 65c; 10 for \$2.00.**

GRAPES

AGAWAM

Deep red or maroon. Ripens early. Fruit large and meaty, borne in extra large, loose-shouldered bunches. Vines strong growers, very healthy. Ripens with Concord. Has a delightful aromatic flavor.

BRIGHTON

One of the best red varieties; bunch variable in size, flesh tender and juicy, red; early.

CACO, the Best Red

This is a variety considered the best and hardest amber-red ever produced, the bunches being very large and the berries comparable with the new Fredonia.

In quality Caco ranks among the best of the native Grapes, approaching in flavor European Muscat rather than the foxiness of native Grapes.

CATAWBA

Keeps better than any Grape in cultivation. Ripens late and can be kept in good condition a long time. Berries large, round, when fully ripe dark copper colored. Good market variety.

CONCORD

Discovered about 100 years ago. Apparently a seedling of a wild Grape. It early established the record of being the "Grape for the millions"—the KING of the Grape family. It is still the best all-around Grape. Its adaptability to varying climatic conditions alone makes it popular, to say nothing of what can be made of its fruit, such as sweet Grape juice, jellies, jams, marmalade, etc.

Concord is a very vigorous grower, hardy and very productive. Ripens midseason and known as the best money-making commercial variety; also for home use, it is unsurpassed by any other variety.

DELAWARE

Early. Vine moderately healthy and vigorous. Bunch small but compact; berries small to medium in size, red in color and of excellent flavor.

FREDONIA

Black, with heavy bloom, cluster about medium, berry large, very early, good quality, comparatively new and very promising.

MOORE'S DIAMOND

White. Ripens early September. Berries medium size, and desirable for Grape juice. Good quality fruit.

Concord

MOORE'S EARLY

Ripens before Concord. Color of Grapes deep black. Large and of best quality. Bunches hold together firmly. One of the best shippers. A profitable variety for either home use or market. Makes excellent wine. Very productive. Like Concord and Worden produces abundantly in nursery row on two-year-old vines.

NIAGARA

A Quality White Grape

Was first fruited in 1868. Concord is one of its parents. It received practically all of its characteristics from this parent. Niagara, therefore, is Queen of the Grape family. Where well grown, its bunch, berry and coloring cannot be surpassed in beauty. It has been and still is the standard white table Grape of Eastern United States. It does not easily crack. Consequently it makes a very good appearance on the market, inducing larger sales. The fruit of Niagara is at its best when left on the vines until well ripened. **Niagara is a worthy Queen of King Concord.**

PORTLAND

White, very early, cluster medium large, berry good quality. Very hardy, vigorous grower; productive. New and very promising.

WORDEN

Vine moderate grower, very hardy and productive. Grapes very large, thin skin, very fine flavor, blue-black in color and fine for home use or nearby market. One of the earliest, ripening about 10 days before Concord. Fruits heavily on young vines.

Niagara

Buntings' Remarkable Raspberries

You can make money with Raspberries because their delicate flavor won't keep, and the berries can't be shipped long distances. This gives you all the local market, with little competition from outside—and a chance to sell on a quality basis alone.

CUMBERLAND

The Black Raspberry

In blacks—your best bet. Produces large, jet-black fruit, firm and of excellent quality; sweet and mild, ripening in midseason and continuing for two weeks. Extensively planted for commercial purposes and for table use. Fruit is large, plump and juicy, with a true "Blackcap flavor" all its own. Because of its extremely firm texture, Cumberland is an ideal shipper. No black Raspberry has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country.

PRICE:

(All varieties except Cumberland)

1-yr., No. 1, 5 for \$1.50; 10 for \$2.25; 25 for \$4.10; 100 for \$12.25; 250 for \$26.80; 500 for \$43.10; 1000 for \$75.00.

PRICE: (Cumberland Only)

1-yr., No. 1: 5 for \$1.20; 10 for \$1.80; 25 for \$3.30; 100 for \$10.00; 250 for \$21.40; 500 for \$34.50; 1000 for \$60.00.

Newburgh

(Red.) Midseason. This variety was introduced by the New York Fruit Testing Association. Plant vigorous grower, branching more than most red varieties. Hardy, very productive. Fruit very large, firm. Does not crumble. Precedes Latham a few days in ripening. An excellent shipper and keeper.

Indian Summer—Giant Red Everbearer

Cumberland—the best bet in blacks

INDIAN SUMMER

Giant Red Everbearer

The best everbearing red Raspberry. Earliest to ripen; bears a full crop in June and an immense crop in the fall. A sensation because of its size, flavor and unusual beauty. Wonderful keeping qualities. Berries are glossy red, conical in shape and of extra large size. The greatest all-purpose Raspberry. The fall crops, when Raspberries are scarce and therefore highly prized, are heavier than the earlier ones.

ST. REGIS EVERBEARING

Ripens with the earlies and continues on young canes until autumn. Color red; flesh firm and meaty. Largely planted.

are Rapid Vigorous Growers

Plant Buntings' Well Developed Raspberry Bushes That Are Noted For Their Splendid Root System

SUNRISE

The earliest red Raspberry of them all. The bright red, round berries are juicy, have a delicious flavor and aroma, fine, firm texture. It combines the necessary characteristics of a successful berry; earliness and high quality of fruit, also hardiness and resistance to disease. Excellent for home use.

TAYLOR

This red Raspberry is considered to be the best of them all for New York and the northern states. Plants are vigorous, hardy, productive, tall growing and increase rapidly. Sturdy canes hold the berries well off the ground. The berries, bright attractive red, are thick-fleshed, firm and of excellent quality.

LATHAM

The productiveness and resistance to disease of this popular midseason to late red Raspberry has attracted the attention of growers everywhere, and, in the Northwest, the great berry growing section of America, growers are enthusiastically planting it heavily each year. Extremely hardy, cold weather seems to have no effect on its outstanding bearing ability. Plants are vigorous growers, highly resistant to insects, mosaic free and start ripening in midseason and continue an unbelievably long time. Berries are extra large, beautifully colored in rich dark red, and good flavored.

Latham

Sunrise—the earliest of them all

CHIEF

(Red.) Ripens ten days earlier than Latham. Very hardy, can be grown successfully in cold climates. Fruit is firm and of fine flavor. Unusually healthy and vigorous. Chief is mosaic-proof and will not take on mildew.

How to Grow Raspberries Successfully

CULTURAL DIRECTIONS—RED RASPBERRIES

Two methods of culture are commonly used, the hill system and the solid row system. Under the first system plants are usually set five feet apart each way while under the second system they are set three feet apart in rows seven feet apart. Place plants in hole or furrow, spread roots, fill to ground level, and press soil firmly. After planting, cut all canes back to 2 or 3 inches above the ground level. The following spring, before growth starts, prune canes back to a length of about three feet. After fruiting season, cut out all fruiting canes and burn them to destroy any disease or insects. Future year's growth should be confined to six or eight strong canes to each plant, following same procedure year after year.

CULTURAL DIRECTIONS—BLACK RASPBERRIES

Two methods of culture are commonly used, the hill system and the solid row system. Under the first system plants are usually set six feet apart each way while under the second system they are set four feet apart in rows seven feet apart. Place plants in hole or furrow; spread roots, fill to ground level, and press soil firmly. After planting cut all canes back to two or three inches above the ground level. When new growth starts and has attained a height of 18 to 24 inches, it is best to pinch the tips of the canes which causes each cane to throw off branches and grow upright. All lateral branches should be cut back severely, leaving from 6 to 8 inches of cane. Weak spindling canes are cut out entirely. The following spring before growth starts, prune canes back to a length of about 3 feet. Cultivate Raspberries shallow during entire season but do not continue beyond picking season, as late growth will not mature sufficiently to withstand the winter.

A booklet containing complete planting and cultural directions for all trees and plants offered in this catalog will be included free with each order upon request.

**BUNTINGS' DIRECT-TO-YOU
LOW PRICES. ALL SELECTED
BIG - ROOTED SPECIMENS.**

RASPBERRIES, ALL VARIETIES EXCEPT CUMBERLAND
1-yr., No. 1: 5 for \$1.50; 10 for \$2.25; 25 for \$4.10; 100 for \$12.25; 250 for \$26.80; 500 for \$43.10; 1000 for \$75.00.

BLACKBERRIES

Hardy • Vigorous • Dependable

Increase your profit! One acre of Blackberries will average 800 to 2000 quarts, and prices on this fruit are always high. Plant Blackberries along trenches and the lot lines, and turn waste garden space into profit. Excellent for home and market use.

BLACKBERRY PRICES

No. 1 plants: 10 for \$1.80; 25 for \$3.30; 50 for \$5.70; 100 for \$9.90.

BLOWERS

Buntings' plants are the heaviest fruiting and best Blackberries in the world. Very hardy, the berries are sweet and delicious, jet-black color, good shippers, ripen in July.

ELDORADO

Another fine quality Blackberry. Plants are vigorous and seldom fail to produce a bumper crop. Commercial growers like their shipping qualities.

FIELD CULTURE—BLACKBERRIES AND DEWBERRIES

Plant in rows 7 feet apart with plants set 4 feet apart in the rows (1,555 plants to set an acre at given distances).

Plow a furrow about 5 or 6 inches deep or dig holes 6 inches deep and 6 inches square. Spread roots, fill hole with soil; firm well. Cut stock after planting approximately 2 inches above ground level. Let them grow and the following spring cut the new growth back one-third, leaving two-thirds of the season's growth for production of berries. After fruiting cut all fruiting canes out and burn them. Cultivate occasionally and follow same procedure each year, allowing about 6 to 10 canes on each plant to stand for fruiting each season.

Blackberries

Buntings'
Nurseries
Selbyville, Del.

Boysenberry

10 Plants for \$2.55

A cross between the California Loganberry, Raspberry and Blackberry. Just think of a berry that has a little of each of these fruits all in one giant, nearly seedless, beautiful wine colored berry, with a flavor that you will never forget.

Its size is unbelievable—two inches long is not unusual, three inches long not rare. Fifty of these plump, inch-thick marvels will fill a quart basket; a sight so remarkable people can't resist buying them! They are rare—they are unusual. The demand is so tremendous retailers can't get enough of them.

Buntings' hardy No. 1, strong-rooted plants bear big crops the second year. Do not miss planting some Boysenberries in your garden this year. **Prices:** 3 for \$1.15; 6 for \$2.05; 10 for \$2.55; 25 for \$4.65; 100 for \$14.05; 250 for \$30.40; 500 for \$48.85; 1000 for \$85.00.

Dewberries

AUSTIN. Ripens before Lucretia. A valuable variety for table use. Fruit very large.

LUCRETIA. Extremely productive. Berries extra large, black in color; flavor rich, sweet and delicious.

DEWBERRY PRICES

No. 1 plants: 10 for \$1.50; 25 for \$2.75; 50 for \$4.75; 100 for \$8.25.

All of the most popular, most widely read magazines are offered. This coupon will save you time, trouble and expense and assure you of safe, prompt service.

Merely check the magazines you want and mail coupon with check, money order, or cash, covering the subscription prices of the magazines you ordered for yourself, your family and friends.

on Distance to Plant—Number per Acre
for Small and Large Fruits, Asparagus, etc.

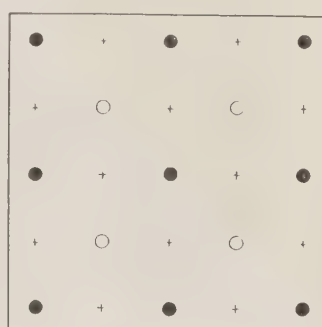

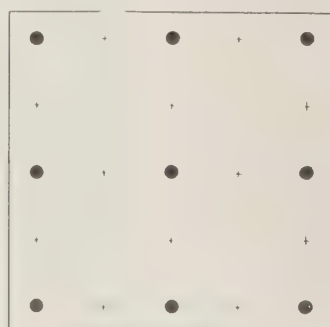

Distance for Planting—Square Method

Distance for planting different kinds of fruit trees, etc., square method:

Peach. 20 feet apart each way.
Standard Apple. 35 feet apart each way.
Cherry, Sour. 18 feet apart each way.
Cherry, Sweet. 20 feet apart each way.
Standard Pear. 20 feet apart each way.
Plum. 20 feet apart each way.
Grape Vines. Rows 8 feet apart, 8 feet apart in row.
Blackberries. Rows 6 feet apart, 6 feet apart in row.
Black Raspberries. Garden culture, 4x3 ft.
Black Raspberries. Field culture, 7x4 ft.
Red Raspberries. Garden culture, 4x3 ft.
Red Raspberries. Field culture, 7x3 ft.
Dewberries. Rows 4 feet apart, 5 feet apart in row.
Strawberries, Field Culture. Rows 4 feet apart, 1½ feet apart in row.
Strawberries, Garden Culture. Rows 2 feet apart, 1 foot apart in row.
Asparagus, in Field. Rows 5 feet apart, 2 feet apart in row.
Asparagus, in Beds. Rows 1½ feet apart, 1 foot apart in row.

Rules for Other Distances

Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which, divided into the number of square feet in an acre (43,560), will give the number of plants or trees to an acre.

The figures at left represent three ways of planting an orchard. No. 1 without fillers; No. 2 with fillers between the trees in the rows, but none between; No. 3, fillers between the trees and between the rows as well. The trees marked X can be taken out when the trees begin to touch each other; the trees marked O can be left for a few years longer and then taken out.

APPLES

Shotwell
All-Red
Delicious

SHOTWELL
(U.S. PAT. MAR. 28, 1917)
DELICIOUS

Double
Crimson-Red
Large Size

This improved new Red Delicious colors a very rich red three to four days in advance of any other strain of Delicious Apples.

Shotwell Delicious is not only a commercial Apple, but it is every bit as well adapted to home gardens.

A superior, large uniform Apple, rich in flavor, with a characteristic five-knob appearance that makes it attractive in every market.

YELLOW DELICIOUS

This alluring Apple with the strong appetite appeal never fails to capture the elusive nickel on the fruit stands. It is a national favorite, commanding highest prices on the market. A bright golden yellow, firm, crisp, juicy Apple. Tree bears when young, and yields heavily.

GRIMES GOLDEN

Very large, skin golden yellow, flesh tender and crisp. A very good fall Apple. Grown in all sections of the country.

Yellow
Delicious

DOUBLE RED STAYMAN WINESAP

Carries at least double the color of the original strain of Stayman Winesap, otherwise exactly the same in growth, hardiness, etc. We have discontinued propagating in our nurseries, also growing in our orchards, the regular variety of Stayman's Winesap, in view of the fact that we get the same quality in Double Red Stayman with double the color which sells the fruit for more money.

HYSLOP CRAB APPLES

Large, handsome, crimson, splashed with dark red. Very prolific.

See page 33 for prices.

Double Red
Stayman
Winesap

For Profit — *Apples* — For Health

Red Yorking

Orchardists HERE'S THE APPLE
THAT WILL MAKE HISTORY

REDYORKING
TRADE MARK REG.

U. S. Plant Patent No. 125

A Sport from its famous daddy, York Imperial. It has the same fine and dependable qualities except that its skin is thicker, it does not scald in storage, and ripens to a solid cherry-red color. Shows color five weeks earlier than regular York. An excellent shipping Apple. Plant these early coloring Red Yorkings and get into the market with a sure profit-making new variety that finds a ready sale.

Double Red Jonathan

Insure your profits from Jonathan by planting this new red sport that will give you bright red colored fruit about two weeks earlier. Fruit medium to large, brilliant red, juicy, fine grain, tender and very highly flavored. Bears young; produces heavy crops every year.

Double Red
Jonathan

Buntings'
Solid Red
McIntosh

Solid Red McIntosh

A selected bright red sport of the reliable old McIntosh. Flesh white, tender, juicy, sub-acid. Tree hardy, vigorous and healthy. A leading commercial variety especially desirable for fancy trade. See page 33 for prices.

Lodi

Improved Yellow Transparent (Lodi)

Originated by the New York State Experiment Station. After being tested commercially over quite a large area, it is now rapidly gaining popularity. A summer Apple ripening about the same time as regular Transparent; however, much larger and more firm than Transparent. Fruit good size, skin clear, white to pale yellow in color. Flavor very good. An excellent cooking Apple. Tree a very strong grower.

Quintuplet Apple

**FIVE Leading Varieties
on ONE TREE**

The Famous "5-N-1"

Here's the opportunity for those with limited space to have five mighty desirable varieties of Apples, all budded on one tree for a little more than the cost of one tree. Requires only a 25-foot space when fully grown. Each tree is budded to Yellow Transparent for first early, Anoka for second early, Red Jonathan, Red Delicious and Yellow Delicious for fall and winter.

Price: No. 1, 2-year-old trees, \$3.00 each.

Baldwin

BALDWIN

For many years Baldwin has been a favorite with commercial orchardists for their northern markets. Highly regarded as an eating and cooking Apple, having a flavor all its own. A heavy yielder and an excellent shipper. Fruit is large, bright red, crisp, juicy and rich.

Solid Red
Rome

SOLID RED ROME

A brilliant, solid red that produces over 50 per cent more extra fancy Apples for color grade than common Rome Beauty. A beautiful Apple, identical in quality, productiveness and other characteristics with the regular Rome Beauty, except for a greatly superior color.

WILLIAMS Early Red

Among the earliest to ripen, and the largest of all early Apples. The trees come into bearing when quite young, producing freely and steadily. The Apple is large, with tender, crisp, white flesh, juicy and slightly tart. This big red Apple hits the market at a time when people are hungry for fresh fruit. Recommended for both home use and commercial markets.

THE PERFECT PEACH

If you are looking for the largest, richest, most beautiful Peach in the world, here it is! Everyone who sees it exclaims in wonder, "O'Boy, what a perfect Peach." So it was named O'Boy. It is round and uniformly shaped. Skin glowing orange, blushed all over with rich, dark red, even before ripe. Flesh rich orange, bright red around the pit. The red color is retained in the canned fruit and juice.

Firm of flesh and skin. You'll want to can them exclusively for your fancy table use. Perfectly freestone and self-pollenizing. Bear heavily when three years old. Don't fail to plant O'Boy this spring.

All Early Bearing Varieties

Golden
Jubilee

**GOLDEN
JUBILEE**

The "Beau Brummel" of Peaches

Unusually hardy, resists excessive cold; a sure cropper after severe winters and heavy frosts. Medium to large in size, ripens almost four weeks ahead of Elberta, and considered to be one of the best early ripening varieties. Fine flavor, yellow freestone, attractive color and fine texture. Profitable for market, excellent for home use.

White
Heath
Cling

WHITE HEATH CLING PEACH

Fruit extra large, creamy white, pink cheeked, and the flesh is white, tender, juicy and delicious. Ripens September 10th to 15th.

See page 34 for prices.

Belle of Georgia

A POPULAR WHITE PEACH

Large, attractive, white Peach with red cheek. Delicious flavor; one of the best market varieties. Very hardy, easy to grow. Home canners prefer Belle, and for some time it has been recognized as the best all-around white Peach on the market.

Belle ripens midseason; large size, freestone. The best white Peach of its season.

Buntings'

Nationally Known
PEACH TREES

Buntings' Healthy, Well-Grown Vigorous Trees are Worth More

Quality in Peach trees is not a mere matter of the size of the trees at the time of purchase. It includes the horticultural skill, knowledge, care and personal integrity actually employed from the securing of the Peach seed to the delivery of the stock.

AMBER GEM A NEW CLINGSTONE DESIGNED FOR CANNING

Originated in New Jersey and found by the Michigan Experiment Station to be the most desirable Peach for commercial and home canning. Long, medium size, beautiful color; firm, yellow flesh. Early August.

BRACKETT. Large, late, deep yellow Peach, very highly flavored; freestone. Excellent for home use, and extensively planted in commercial orchards.

Tried and Tested in Our Own Orchards

Considering our long experience in Peach tree production, the knowledge we have obtained in watching the trees in our bearing commercial orchards, it is our belief that you cannot buy better Peach trees anywhere in the country regardless of price.

CARMAN. A very hardy, semi-freestone Peach, ripening about the middle of July; skin pale yellow with blush on sunny side; flesh white, tender, sweet and melting. Ships well. Best early market Peach.

CRAWFORD'S EARLY. Freestone. Large, oblong, yellow with deep red cheek; flesh yellow, juicy and rich, excellent flavor. August 1st to 15th.

CRAWFORD'S LATE. Ripens after Elberta. Freestone. High quality and very large; flesh deep yellow; skin yellow with broad, dark red cheek.

GAGE ELBERTA. Ripens two to three days later than Elberta, and fruit is so similar that only an expert can distinguish the difference. A disease-resistant bud sport of the famous Elberta.

GREENSBORO. Semi-cling. Ripens from June 25th to July 10th. Large, white with red cheek. Flesh white, rich, juicy. Tree a strong grower.

HILEY. Freestone. Medium size, white, highly red colored. Excellent flavor. Early midseason.

See page 34 for prices.

CHECK
THESE
MATCHLESS
FEATURES

REDHAVEN

A Grand Peach—the most promising, new, early yellow variety for either home use or commercial markets.

1. **Extra Early—**
Ripens a month before Elberta.
2. **Brilliant Color—**
Reddens before it ripens.
3. **Fine Flavor—**
Sweet, juicy, fine textured.
4. **Good Shipper—**
Firm flesh and tough skin.

A profitable commercial variety, and excellent for home use where a good quality early yellow Peach is desired.

Perfect freestone, medium to large in size, flesh yellow, fine textured, sweet and of good quality. Smooth skin, almost fuzzless; brilliant red color, with creamy yellow background. Bears heavy crops. Originated at the Michigan Experimental Station in 1930, and has since been thoroughly tested.

See page 34 for prices. Buntings' offer both Redhaven and Elberta at regular Peach tree prices.

ELBERTA

A CROWNING SUCCESS WITH THE ORCHARDIST AND HOME GARDENER

Everyone is familiar with the old reliable Elberta. Its attractive appearance, large size, uniformly shaped fruits are well known throughout the world. Universally planted—Elberta leads all other Peaches in number of trees producing fruit. Most popular Peach on the market. Ripens midseason, roundish with a pointed tip, thick skin; flesh yellow stained pink near the pit; juicy, firm but tender, good quality freestone. See page 34 for prices.

HALE-HAVEN

A Premium Peach for Every Commercial Orchard
Ripens Two Weeks Before Elberta

Steadily gaining favor, because of its size, color, good shipping qualities and hardiness in bud.

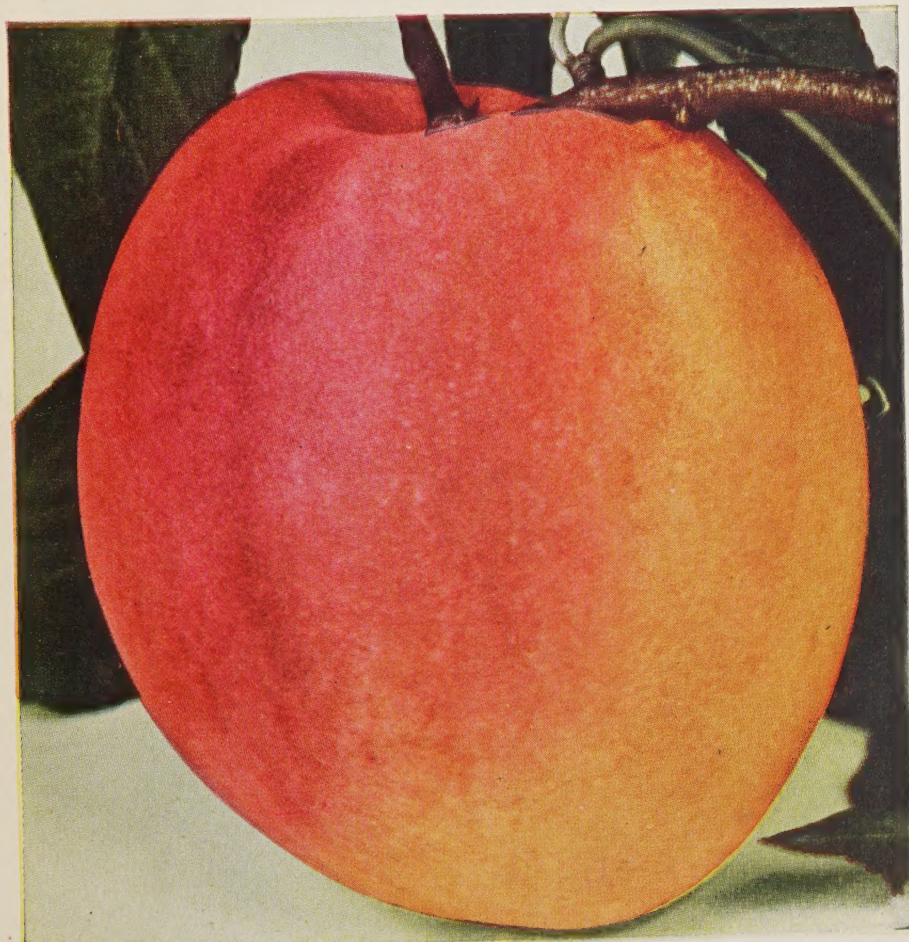

This marvelous new Peach, an introduction of the Michigan State Experiment Station, is a cross between the famous South Haven and J. H. Hale. It's an aristocrat of the first order.

Extremely high color before ripening; withstands cold temperatures; very hardy; heavy bearer. A perfect freestone; yellow fleshed.

ROCHESTER. Has the habits and characteristics of the Crawford, but fully two weeks earlier. Yellow; freestone; good size; very sweet, fine flavor. Ripens middle of July.

SHIPPERS LATE RED. Follows Elberta in ripening. Skin yellow with attractive red coloring. Flesh yellow, juicy, sweet, pleasing flavor. Bears young; good late commercial variety. Freestone.

SULLIVAN'S EARLY ELBERTA. An early ripening bud sport of Elberta. Size, color and shipping qualities identical with Elberta, but ripens about ten days earlier. A splendid all-purpose Peach.

Goldeneast

Elberta

SUMMERCREST (N. J. 94). A large, oval, yellow fleshed freestone of high quality, ripening just before Elberta. A popular home canning Peach. Tree is vigorous and hardy. An excellent variety to precede Elberta.

SUNHIGH (N. J. 82). A large, firm, attractive yellow fleshed Peach of good quality, ripening a few days earlier than Goldeneast. Generally it is a freestone, but sometimes the firm flesh adheres slightly to the pit when the fruit is hard ripe. A popular variety to precede Goldeneast.

See page 34 for prices.

Goldeneast

(N. J. 88) Early Midseason

Ripens about fifteen days earlier than Elberta. A large, oval, firm, highly colored, yellow fleshed freestone Peach, rapidly gaining popularity with commercial growers. Originated at the New Jersey Experimental Station. An excellent variety for shipping or for home use.

TRIOGEM (N. J. 70). An early, oval, red all over, firm, yellow freestone Peach of excellent quality. Ripens two or three days earlier than Golden Jubilee.

VALIANT. Freestone. Fruit large, yellow blushed with red, with firm, juicy flesh of very good quality. Ripens about two weeks ahead of Elberta.

VEDETTE. Freestone. Ripens a few days before Valiant. Fruit is large, roundish oval, yellow flesh. Ripens three weeks before Elberta.

WHITE HALE. An extremely large, white, freestone Peach, with excellent flavor. Very hardy, and especially recommended for home use or nearby markets.

KRUMMEL'S. Freestone. Large, skin deep yellow with blush on sunny side. Fine flavor. Ripens late October.

Sweet Cherry FAVORITES

BLACK TARTARIAN ➔

The Best Sweet Cherry

Here is the best, most dependable and widely successful of the sweet Cherries. Its great heart-shaped fruits (rich, dark purple hue) look irresistibly tempting. The sweet, mild flavor and rich tang have won it a nationwide popularity both with commercial and home growers.

A Prime Market Favorite

For the big market trade hundreds of miles from orchards, the local fruit markets or fruit stands scattered all over the country, they offer a dependable yearly yield that is sure to bring profit to the grower.

GOVERNOR WOOD. Light yellow with red cheek; tender, rich, delicious; very fine; large, roundish. June.

NAPOLEON. Light lemon-yellow, tinged with red. Late June.

SCHMIDT'S BIGARREAU. Flesh tender, juicy, good flavor. Mahogany color. Middle of July.

YELLOW SPANISH. Ripens early in June. Fruit large, color yellow. Tree vigorous grower.

RED PIE CHERRIES

Large MONTMORENCY

The Universal Canning and Pie Cherry

These select record-breaking Montmorency trees develop into uniform, shapely specimens bearing heavy crops of very large fruit.

Fruit large, firm, ships perfectly. Bears very young, produces tremendous money-making crops and is successful everywhere.

Fruit Growers Consider This the Finest Sour Cherry In Cultivation

Because of its distinctive acid flavor, delightful in pies and preserves.

ENGLISH MORELLO. Tree small, round-headed, with distinctly drooping branches. Fruit three-fourths of an inch in diameter, color dark red. Flavor tart, good quality; excellent for preserving and pies. Freestone. Ripens in July.

EARLY RICHMOND. A leading sour Cherry, used extensively by canners, excellent for pies and preserves. Tree medium size, dense, upright-spreading. Fruit three-fourths inch in diameter, color light red, fruit thin-skinned, freestone. Ripens in June.

2 to 3 ft., bearing age	2.50	2.10	1.80	1.65	1.50

There is a big market for these delicious Blueberries; they make money from any type of acid soil. Grow in big clusters—5000 to 8000 pints per acre—easy to harvest, thornless. Plants last a lifetime, give bigger yields every year.

If your soil is sweet, use peat moss or partially rotted vegetable matter around the plants to create acid. The period of ripening covers several weeks, therefore, harvesting can be done at leisure. Write us and ask for free booklet on Blueberry culture.

Your choice of **Cabot** (early); **Concord** (midseason) and **Jersey** (late). Use two or more varieties to cross-pollinate for best results.

Superfection A New Strawberry De Luxe

The Best
Everbearing
Strawberry

Originated by Mr. Keplinger of Northern Michigan who discovered the famous Gem Everbearer. The berries are exceptionally large and round, red to the center with a sweet pleasing mellow flavor. They are firm, and will withstand shipment without losing their quality.

Delicious to eat fresh, canned, preserved in jams and jellies, as well as fresh frozen. Bears an abundance of large berries throughout late summer and fall season. The spring crop compares favorably with leading standard varieties.

We believe it is the best everbearer ever introduced, and think it will replace the others in popularity when it becomes more widely known. Made to order for the small gardener as well as the commercial planter, we consider this a mighty good variety and recommend that you plant them.

Price: \$2.40 per 25; \$4.35 per 50; \$7.00 per 100; \$14.00 per 250; \$21.90 per 500; \$35.00 per 1000; \$170.00 per 5000.
